

LIPFUSION

Micro-Collagen Lip Plump Color

A Revolutionary lip plumper that uses marine collagen microspheres to plump lips instantly and painlessly. Once the collagen has been absorbed into the lip tissue it searches for the body's natural water to re-plump instantly.

LIPFUSION

XL -2X Micro-Injected Collagen Advanced Lip Plumping Therapy

A nighttime topical injectable that combines twice the amount of encapsulated microspheres of marine collagen as our original lip plumper and hyaluronic acid. Dehydrated microspheres of marine collagen work together to attract and bind hundreds of times their weight in water to visibly fill and increase lip volume.

LIPFUSION

Infatuation-Liquid Shine Multi-Action Lip Fattener

Infatuation's breakthrough proprietary AmpliFat™ concentrate promotes and stores your lips' own natural fatty acids for never-before-achievable lip volume. It is clinically proven to increase lip volume in 15 minutes and continues to build up lip volume for 28 days after initial use of the product.
